Please note that manufacturers make similarly named products and only the specific cleaning products listed above have been found to be suitable for use on Cambria surfaces. If you have questions about cleaning products not listed above, please contact Cambria for testing.

Follow the manufacturer's instructions for use; failure to do so may result in damage to the Cambria surface product. The recommendations herein are provided solely as a courtesy to Cambria's customers. Customers are ultimately responsible for choosing appropriate cleaners for their own unique applications and settings. Cambria cannot predict how the cleaning products herein will function in the presence of other materials, fluids, or substances.

Caution: DO NOT use abrasive or strong alkaline or acid (high or low pH) cleaners. DO NOT use or expose Cambria to oven cleaners, Comet®, Soft Scrub®, S.O.S.® pads, products with pumice, batteries, paint removers, furniture strippers, or tarnish or silver cleaners. DO NOT use abrasive or harsh scrub pads. DO NOT apply any sealers, penetrants, or topical treatments to Cambria under any circumstances. Such products will wear off and cause the gloss to appear dull or inconsistent.

If you have any additional questions, please visit CambriaUSA.com, or call toll-free to speak to one of our Cambria Customer Care representatives at 1-866-CAMBRIA (1-866-226-2742).
